Nursing: a diversifying and growing profession

What's the CNSA regional conference?

It's a weekend full of conferences given by professionals of different domain. It's an opportunity to ask questions and to explore more about your field of study. Also, you will meet people from other universities and to visit Quebec City. There will be a lot of other activities: wine and cheese, social events, banquet and a lot more.

The registration fees give you access to the conference and also include wine & cheese on Friday, Snack, Lunch and Banquet on Saturday.

We hope that we convinced you to come see us in Quebec City. If it is the case, you just have to fill in this brochure and send it with the payment.
